**Cost: \$120 for entire clinic including accommodation for Tintern Riders, and \$240 for parent riders, (on the attached form please ignore all the other highlighted cost breakdowns other than the \$120 total cost for the clinic which requires a 50% deposit upon registration)**

**Horse Accommodation:** There are steel undercover yards free of charge for use as well as wash bays. Shavings can be purchased for an additional cost. Stables can also be booked at additional cost.

**Rider Accommodation:** State of the art bunkrooms that can sleep up to 25 people which are fully air conditioned and heated as well as toilets and showers adjoining rooms. Camping in floats is also welcome free of charge with plenty of space near undercover yards.

**Food:** People are to bring their own food in the way of snacks, breakfasts and lunches and we intend on cooking communal evening meals and possibility of going out to local pub for dinners as well. There is a large clubhouse overlooking indoor ménage with full kitchen facilities with large commercial fridge and plenty of cupboards to store everyone's food individually.

The AEBC training method is science based and very practical to follow using accessible language to help us understand the training of our horses to enhance our riding. Both Manuela and Andrew give demonstrations and clinics throughout the world but regularly in 11 countries, their older son is successful dressage rider and trainer in Germany. They have many years of competition experience and many exceptional horses and riders trained. Worked with many police forces around the world such as Australia, Belgium etc who incorporate their training techniques to ensure police horses are unconditional to aids.
