General information about the Tennis Program

1. Tennis is a program available to students during term time and is timetabled during the school day. The school employs specialist staff according to the numbers of participating students.
2. The Year level at which co-curricular lessons can be commenced varies according to the activity. Parents are asked to give careful consideration to the number of co-curricular activities taken by their child.
3. A Junior School student who wishes to enrol in one or more co-curricular lessons does so at the discretion of the Head of the Junior School who will approve each case according to individual needs.
4. A course of lessons may be commenced during the year, at the beginning of a term, depending upon the availability of a teacher and timetabling. Application should be made before the end of the previous term.
5. No allowance can be made for lessons missed through the student's absence or default. However, if notice of an absence is given in advance of the lesson, every effort will be made to make up the missed time. Teachers are under no obligation to make up lessons missed due to family holidays, illness or forgetfulness.
6. Once lessons are organised it is expected that the commitment be made for the whole year. If a student wishes to discontinue lessons, it should be understood that parents must discuss the situation with the relevant teacher. If lessons are to be discontinued, one term's notice in writing must be supplied or a term's fees, in lieu of notice, will be required to be paid. Fees are included on the school fee account.
7. Reports will be given every semester.
